

Alias

to'taime - 030

Coat-stand with structure in die-cast aluminium and central portion in extruded aluminium. Coat hook in black or clear methacrylate.

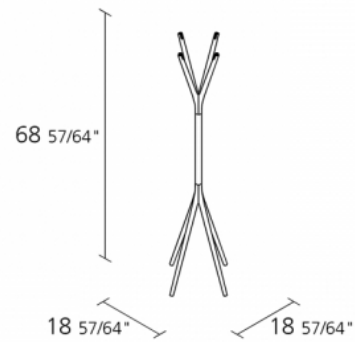

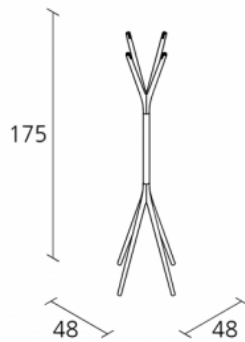

design

The coat-stand: an object of everyday use. As Philippe Starck and Eugeni Quitllet sees it: a totem sculpture. Elegant, primitive, yet extremely modern. To be fitted with a free and flexible system of shelves and storage elements, creating compositions that are functional and aesthetically attractive.

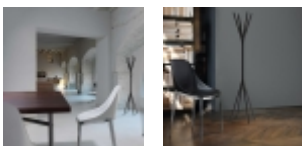

To'taime is comprised of three elements: a central structure in extruded aluminium, a base and an upper element, both in cast aluminium. It can be coordinated with two different accessories: a pocket emptier in turned aluminium, a tray available or in painted glass or in stove enamelled aluminium. All accessories can be coordinated with the coat-stand, which comes in an elegant chromed version or in a range of contemporary and impactful enamelled finishes.

Dimension

Year warranty: 10 years
Production time: 4 weeks
Fire-retardancy
100% Recyclable
Boxes number: 1
Max.number pieces per a box: 1
Volume in m³: 0,208
Gross weight in Kg: 10
