Bold

“The Bold series developed from my fascination with laser cutting technology. With the use of a laser, you can cut a form or pattern in sheet metal with extreme accuracy. This technology allows you to handle the sheet very efficiently with very little wastage. The timeless appearance of the Bold series endows it with charisma, making it a worthy addition to the MOOOI collection!”

Designer	Roderick Vos
Year of design	2005
Material	Powder coated steel
Additional	Candles are to be ordered separately.

Detailing

The intelligent technique used to give the Bold it's 3rd dimension can be seen here.
The candle spire holds the candle in place.
(The spire is sharp and must be handled with care.)
